INVESTIGATIVE SERVICES SECTION
COLORADO AUTOMOBILE THEFT PREVENTION AUTHORITY
8 CCR 1507-50

STATEMENT OF BASIS, STATUTORY AUTHORITY, AND PURPOSE

§42-5-112 (1) and (2), CRS, create the Colorado Automobile Theft Prevention Authority (CATPA) in the Colorado Department of Public Safety (CDPS) and the Colorado Automobile Theft Prevention Authority Board responsible for making decisions affecting the administration of CATPA and grants issued thereby.

Under §42-5-112 (3) (f), CRS, the Executive Director of the CDPS is given authority to promulgate rules and regulations applicable to the review, approval, and administration of grants issued through CATPA consistent with §42-5-112 (3), CRS. These rules are presently codified as 8 CCR 1507-50. During the 2023 Colorado General Assembly Session, 42-5-112, CRS, was amended by SB 23-257. It is in response to this legislation and an internal review of the CATPA rules that amendments are being proposed.

The amendments proposed to 8 CCR 1507-50 are intended to:

- Respond to the changes introduced into §42-5-112, CRS, through SB 23-257 expanding the scope of the CATPA grant program to include programs supporting victims of automotive theft and to promote the enhancement of technology used to counter automobile theft and automobile theft-related crimes.
- Respond to other changes introduced into §42-5-112, CRS, through 23-257 affecting funding and application thereof to programs designed to counteract automobile theft and automobile theft-related crimes.
- Clarify CATPA Grant Funding Initiatives for which grant funding may be available and the guidelines and criteria according to the Board will consider all grant applications received to determine eligibility and award approval.
- Clarify when approval of funding is final; and
- Update references to documents and websites cited within the rules and address general grammar, formatting, and verbiage updates throughout.

It has been declared by the General Assembly that the creation of a program and board dedicated to supporting programs designed to address the prevention of and/or the prosecution of automobile theft and automobile theft-related crimes is a matter of statewide concern. The absence of rules to implement and carry out a response to these issues and the statutory purpose of §42-5-112, CRS, is contrary to the peace, health, and welfare of the citizens of this state. For these reasons, these amended rules should be adopted.

About CDPS Rulemaking and Stakeholder Engagement

Virtually all state government agencies issue rules or regulations of some kind. Most rules and regulations exist at the direction of the state legislature in order to regulate certain business and personal activities. Rules and regulations exist because it's easier to update them, eliminate them, or alter them administratively than it is to pass new legislation as conditions change.

INVESTIGATIVE SERVICES SECTION
COLORADO AUTOMOBILE THEFT PREVENTION AUTHORITY
8 CCR 1507-50

STATEMENT OF BASIS, STATUTORY AUTHORITY, AND PURPOSE

§42-5-112 (1) and (2), CRS, create the Colorado Automobile Theft Prevention Authority (CATPA) in the Colorado Department of Public Safety (CDPS) and the Colorado Automobile Theft Prevention Authority Board responsible for making decisions affecting the administration of CATPA and grants issued thereby.

Under §42-5-112 (3) (f), CRS, the Executive Director of the CDPS is given authority to promulgate rules and regulations applicable to the review, approval, and administration of grants issued through CATPA consistent with §42-5-112 (3), CRS. These rules are presently codified as 8 CCR 1507-50. During the 2023 Colorado General Assembly Session, 42-5-112, CRS, was amended by SB 23-257. It is in response to this legislation and an internal review of the CATPA rules that amendments are being proposed.

The amendments proposed 8 CCR 1507-50 are intended to:

- Respond to the changes introduced into §42-5-112, CRS, through SB 23-257 expanding the scope of the CATPA grant program to include programs supporting victims of automotive theft and to promote the enhancement of technology used to counter automobile theft and automobile theft-related crimes.
- Respond to other changes introduced into §42-5-112, CRS, through 23-257 affecting funding and application thereof to programs designed to counteract automobile theft and automobile theft-related crimes.
- Clarify CATPA Grant Funding Initiatives for which grant funding may be available and the guidelines and criteria according to the Board will consider all grant applications received to determine eligibility and award approval.
- Clarify when approval of funding is final; and
- Update references to documents and websites cited within the rules and address general grammar, formatting, and verbiage updates throughout.

It has been declared by the General Assembly that the creation of a program and board dedicated to supporting programs designed to address the prevention of and/or the prosecution of automobile theft and automobile theft-related crimes is a matter of statewide concern. The absence of rules to implement and carry out a response to these issues and the statutory purpose of §42-5-112, CRS, is contrary to the peace, health, and welfare of the citizens of this state. For these reasons, these amended rules should be adopted.

8 CCR 1507-50

STATEMENT OF BASIS, STATUTORY AUTHORITY, AND PURPOSE

§42-5-112 (1) and (2), CRS, create the Colorado Automobile Theft Prevention Authority (CATPA) in the Colorado Department of Public Safety (CDPS) and the Colorado Automobile Theft Prevention Authority Board responsible for making decisions affecting the administration of CATPA and grants issued thereby.

Under §42-5-112 (3) (f), CRS, the Executive Director of the CDPS is given authority to promulgate rules and regulations applicable to the review, approval, and administration of grants issued through CATPA consistent with §42-5-112 (3), CRS. These rules are presently codified as 8 CCR 1507-50. During the 2023 Colorado General Assembly Session, 42-5-112, CRS, was amended by SB 23-257. It is in response to this legislation and an internal review of the CATPA rules that amendments are being proposed.

The amendments proposed 8 CCR 1507-50 are intended to:

- Respond to the changes introduced into §42-5-112, CRS, through SB 23-257 expanding the scope of the CATPA grant program to include programs supporting victims of automotive theft and to promote the enhancement of technology used to counter automobile theft and automobile theft-related crimes.
- Respond to other changes introduced into §42-5-112, CRS, through 23-257 affecting funding and application thereof to programs designed to counteract automobile theft and automobile theft-related crimes.
- Clarify CATPA Grant Funding Initiatives for which grant funding may be available and the guidelines and criteria according to the Board will consider all grant applications received to determine eligibility and award approval.
- Clarify when approval of funding is final; and
- Update references to documents and websites cited within the rules and address general grammar, formatting, and verbiage updates throughout.

It has been declared by the General Assembly that the creation of a program and board dedicated to supporting programs designed to address the prevention of and/or the prosecution of automobile theft and automobile theft-related crimes is a matter of statewide concern. The absence of rules to implement and carry out a response to these issues and the statutory purpose of §42-5-112, CRS, is contrary to the peace, health, and welfare of the citizens of this state. For these reasons, these amended rules should be adopted.

Robert,

In looking over the changes, there was reference to Quarterly reporting in part 7.

CATPA 7. PROCEDURES TO REVIEW GRANT RECIPIENT PROGRAM SUCCESS AND COMPLIANCE

Grant recipients must submit program and financial reports quarterly to the Board following grant application approval and funds disbursement.

Since we have been doing monthly reporting, does this need to be updated?

COLORADO STATE PATROL
INVESTIGATIVE SERVICES SECTION
COLORADO AUTOMOBILE THEFT PREVENTION AUTHORITY
8 CCR 1507-50

STATEMENT OF BASIS, STATUTORY AUTHORITY, AND PURPOSE

§42-5-112 (1) and (2), CRS, create the Colorado Automobile Theft Prevention Authority (CATPA) in the Colorado Department of Public Safety (CDPS) and the Colorado Automobile Theft Prevention Authority Board responsible for making decisions affecting the administration of CATPA and grants issued thereby.

Under §42-5-112 (3) (f), CRS, the Executive Director of the CDPS is given authority to promulgate rules and regulations applicable to the review, approval, and administration of grants issued through CATPA consistent with §42-5-112 (3), CRS. These rules are presently codified as 8 CCR 1507-50. During the 2023 Colorado General Assembly Session, 42-5-112, CRS, was amended by SB 23-257. It is in response to this legislation and an internal review of the CATPA rules that amendments are being proposed.

The amendments proposed to 8 CCR 1507-50 are intended to:

- Respond to the changes introduced into §42-5-112, CRS, through SB 23-257 expanding the scope of the CATPA grant program to include programs supporting victims of automotive theft and to promote the enhancement of technology used to counter automobile theft and automobile theft-related crimes.
- Respond to other changes introduced into §42-5-112, CRS, through 23-257 affecting funding and application thereof to programs designed to counteract automobile theft and automobile theft-related crimes.
- Clarify CATPA Grant Funding Initiatives for which grant funding may be available and the guidelines and criteria according to the Board will consider all grant applications received to determine eligibility and award approval.
- Clarify when approval of funding is final; and
- Update references to documents and websites cited within the rules and address general grammar, formatting, and verbiage updates throughout.

It has been declared by the General Assembly that the creation of a program and board dedicated to supporting programs designed to address the prevention of and/or the prosecution of automobile theft and automobile theft-related crimes is a matter of statewide concern. The absence of rules to implement and carry out a response to these issues and the statutory purpose of §42-5-112, CRS, is contrary to the peace, health, and welfare of the citizens of this state. For these reasons, these amended rules should be adopted.

Stan Hilkey, Executive Director
