About CDPS Rulemaking and Stakeholder Engagement

Virtually all state government agencies issue rules or regulations of some kind. Most rules and regulations exist at the direction of the state legislature in order to regulate certain business and personal activities. Rules and regulations exist because it's easier to update them, eliminate them, or alter them administratively than it is to pass new legislation as conditions change.

CDPS Protocol: How We Engage Stakeholders

Find out how the processes CDPS uses to engage stakeholder and how you can get involved by visiting our [Stakeholder Engagement Protocol Page \(/cdps-rulemaking-stakeholder-engagement-protocol\)](https://cdps-rulemaking-stakeholder-engagement-protocol).
